(notified under document number C(2000) 397)

(2000/189/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS DECISION:

Having regard to the Treaty establishing the European Community,

Article 1

Having regard to Council Directive 77/93/EEC of 21 December 1976 on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community⁽¹⁾, as last amended by Commission Directive 1999/53/EC⁽²⁾, and in particular Article 14(1) thereof,

Having regard to the request made by France, in respect of plants of *Vitis L.*, other than fruits, originating in Switzerland,

Whereas:

- (1) Under the provisions of Directive 77/93/EEC, plants of *Vitis L.*, other than fruits, originating in third countries, may in principle not be introduced into the Community.
- (2) By Decisions 97/159/EC⁽³⁾ and 1999/166/EC⁽⁴⁾ the Commission authorised Member States to provide for derogations in respect of plants of *Vitis L.*, other than fruits, originating in Switzerland under specified conditions in the 1997 and 1999 seasons.
- (3) Due to technical reasons there were no imports made under Decisions 97/159/EC and 1999/166/EC.
- (4) The circumstances justifying the authorisation for Switzerland still obtain.
- (5) Therefore a derogation should be authorised for a limited period, provided that it includes specific conditions and without prejudice to Council Directive 68/193/EEC⁽⁵⁾, as last amended by the Act of Accession of Austria, Finland and Sweden, and any implementing measures made thereunder.
- (6) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plant Health,

These lists shall include the name(s) of the varieties, the number of rows planted with these varieties, the number of plants per row for each of these nurseries, as far as they are deemed suitable for dispatch to the Community in 2000, under the conditions laid down in this Decision,
 - properly packed and the packaging made recognisable with a marking, enabling the identification of the registered nursery and the variety,

In those cases where the introduction into the Community takes place in a Member State other than the Member State making use of this derogation, the said responsible official bodies of the Member State introduction shall inform and cooperate with the said responsible official bodies of the Member States making use of this derogation to ensure that the provisions of this Decision are complied with;

 - any plant which has not been found free during the said inspections or testing, referred to in the previous indents, from the harmful organisms listed under (c), third indent, or otherwise of quarantine concern, shall be immediately destroyed under control of the said responsible bodies;
