

Workshop on Adoption of Digital Technology for Data Generation for the efficacy evaluation of PPP

Netherlands Food and Consumer
Product Safety Authority
Ede, 2022-06-27/29

EPPO

Workshop

Workshop Objectives

Focus is on the use of digital technology for data generation for efficacy evaluation of plant protection product

1. Share experience on the use of digital technology in PPP efficacy evaluation
2. Identify how digital technologies can support existing methods for specific assessment types
3. Discuss how digital technologies can be validated to be accepted within GEP systems and by regulators
4. Identify knowledge gaps
5. Discuss where further work or guidance may be useful
6. Identify further work EPPO could do, including updating of existing or preparation of new EPPO Standards
